KOMPETENCJE:

Jump in is a concept regarding different ways of LIVING OUR POSSIBILITIES increasing the value of diversity respecting of our personal ambitions. We invest on the young's and we pay attention to their voices, as an essential source of new ideas, creativity and artistic expression. Over national boundaries and stereotypes, we want to promote interculturality that is a key value of our work. Moreover, we strongly want to enrich ourselves with our diversity. Jumpin is a non-governmental Association which delays with: • education activities (education projects in schools and on an extra-schools basis throughout a non-formal education method focused on active citizenship, European conscience, against racism and xenophobia, human rights principles); • cultural events (conference, seminars, cineforum, concerts, art exhibitions); • intercultural activities (programme and projects of youth mobility, education on international topics, promotion of different cultures in Italy and abroad, welcome activities of tourists and foreigners, promotion of Youth in Action Programme); • Territorial promotion (promotion of its typical aspects, its artists, tourism, sport activities) • The mission of education activities consists of providing non-formal education opportunities for young people involving as many as possible and trying always to involve others that have never participated before. Our aim is to help youngsters develop their transversal competences (life skills) by using non-formal learning tools. We try to educate youngsters to a peaceful cohabitation with people coming from different cultures, countries and social conditions by giving them the opportunity to confront themselves with others in an intercultural environment, which stimulates the development of a social conscience.

DOŚWIADCZENIE WE WSPÓŁPRACY PONADNARODOWEJ:

Jump In started to work on European projects in 2009 in the frame of Youth in Action. We have a lot of experience in Erasmus+ projects, in EVS, Youth Exchanges and Training Courses. We have already made 30 projects, we are partners in 100 project each year and we are sending abroad 300 youth people every year. We are part of the National Network of EVS, which promotes the European Volunteer Service and promotes the participation of the youth for developing their skills in Youth Exchanges and Training Courses in the 8 key competences and further. All our project are an extraordinary experience for the youth: it stimulates personal development and it is a help for personal choice. Participants will increase their intercultural awareness, get new skills and increase their self-confidence, their capacity of initiative and their creativity. Our activities stimulates young people's entrepreneurship, the ability to make ideas become reality, in which they need creativity, innovation, the courage to take responsibilities and risks and the capacity of plan and run projects to achieve results. It is a helpful skill in every aspect of life. The Activities will allow young people to put their selves on the test of a new situation, discover a new culture and go beyond their limits, even to be able to accept those. Furthermore all our job is an occasion of non-formal education for young people, developing the eight competences that support our personal fulfilment, our social inclusion, our occupation and our active citizenship: 1 Communication in our mother language 2 Communication in other languages 3 Mathematic, Science and Technologic basic skills 4 Digital experience 5 Learn to learn 6 Social and civic duties 7 entrepreneurship 8 Cultural awareness and expression

BWFR founded in 2005, currently it is the largest business women community in Romania. We support approx 4000 business women, company owners, corporate managers, entrepreneurs, NOGO's and startups. BWFR activity focuses on 4 elements that are the practical guideline of our vision. 1. Networking As we believe that networking and getting to know more business women will support your business needs, we decided to change the regular networking perspective and perfected it into a networking art! 2. Know-How & inspiration BWFR provides a widespread access to know-how via seminars, conferences, circle meetings, workshops, 1:1 meetings with the BWFR consultant members, and more... BWFR covers all the topics that are relevant for women in business: access to financing, marketing, PR, sales, management, legal aspects, tax & insurance, negotiations skills, and also life skills related to family life and its business correlation, managing stress and a healthy lifestyle. 3. The Money Academy – Access to financing Access to financing is one of the essential foundations for a successful business. We have acknowledged that in many of the cases a lack of know-how in the field of finances, along with the challenges of the actual access to financiers, are preventing businesses in achieving their goal. 4. Multinational & bilingual (Romanian & English)

PCX Computers & Information Systems Ltd was established in 1998 in the beginning of educational reformation due to Technology and World Wide Web development. The vision of the founders and the shareholders of the Company, who have more than two decades experience in the field, is the spiritual and cultural technological development of Cyprus and the best positioning of the country in the world wide cultural and social map. In order to achieve our common vision, we offer qualitative technology education and continuous training to professionals of our country. At the same time, the Company promotes strategic collaborations with External Educational Bodies so much for harmonisation with international models what for endogenous Research and Growth. Moreover, a major activity of the company is the operation of its training centre. The training centre, called Cybernet Zenon, is a part of the CYBERNET TRAINING CENTERS network (www.cybernet.ac.cy) with 15 branches around Cyprus. It is the biggest franchise training network in Cyprus. The company's training center, Cybernet Zenon, is registered and approved as a private educational institution by the Ministry of Education of Cyprus.

DOŚWIADCZENIE WE WSPÓŁPRACY PONADNARODOWEJ:

PCX is currently participating in Erasmus+ KA2 project, with title 'Work-based training approach in the field of Industry 4.0 for competitive European Industry', Reference number 2017-1-RO01-KA202-037222. The specific objectives of the INDUCE 4.0 project are: - creating flexible learning package for work-based learning aimed at providing fundamental technical knowledge on the topic of Industry 4.0 - creating thorough methodology for WBL current and future (VET students/ apprentices) SME employees on the topic of Industry 4.0 and thus boosting SMEs' capacity for transition by nurturing the necessary skills for the "factory of the future". Information about INDUCE 4.0 Outputs will be published on the Erasmus+ Project Results Platform at the end of the project, for the wider audience of interested users to use them and upgrade them. PCX is responsible for the technical implementation of the Learning Management System of the project as well as it has participated in all the other activities, i.e. Training material development, state-of-the-art analysis & dissemination activities.

CAUTO is a social cooperative, type B, set up in 1995 which, in accordance with the article n. 381 of 1991 of the Italian law, supports the job integration for socially disadvantaged subjects, in particular for those who live in serious conditions of marginalization. The working activity aims at acquiring new skills and re-gain working and social dignity; a re-placement and rehabilitation working plan is foreseen for everyone. Since 1995 Cauto has grown from a professional point of view, creating a cohesive working group made up of different skills that have melted during years giving birth to a flexible but structured reality, which now employs 450 workers. Operational services (waste storage plant; recycling; management of recycling depot, greenery maintenance; thrift shop; clearing services; transport and disposal for companies; waste prevention for dresses; furniture and house goods) have a hierarchical structure in with committed operators, foremen and sector managers. All the people involved in developing the project have been dealing with recycled materials, prevention and management of waste for years.

H2 Learning is a professional services organisation, providing a range of services in the area of ICT and education. We have extensive knowledge of the education sector, specifically in the use of information communication technology (ICT) to enhance teaching, learning & assessment in formal education. H2 has developed an expertise in multi-disciplinary project management over the past ten years as a result of working on a range of EU, government and private sector projects. The organisation was founded in 2002 by the principal consultants, Michael Hallissy and John Hurley. H2's core business is education consultancy and the principal consultants have extensive experience in the education sector as teachers, national ICT advisors, teacher educators, policy creators and consultants. In addition to the core team H2 has an ever-expanding network of associates who join the H2 Team on a project-by-project basis. The team consists of academics, subject matter experts, content developers, evaluators, project managers and web designers.

DOŚWIADCZENIE WE WSPÓŁPRACY PONADNARODOWEJ:

H2 has implemented a wide range of innovative ICT showcase projects across a range of settings over the past ten years and all have been underpinned by quality CPD for teachers. The EU co-financed projects included e.g. SigMath, Eufolio, ATS 2020, Skills4Work, Digital Pathways, TELMS, Blend4VET.

With the Office for School and Vocational Training, we are currently developing further transnational projects for young people who are being accompanied and undergoing apprenticeship abroad, in order to improve their chances after education.

DOŚWIADCZENIE WE WSPÓŁPRACY PONADNARODOWEJ:

si! and Youth Education Hamburg are developing a youth home for apprentices with BASFI, ASD Harburg and other players according to § 13.3 SGB VIII • si! and W & S Real Estate in Neugraben are running two houses for assisted living for young people, Eltern - Kind - Wohnen with a café and a bicycle workshop, where the linking of living and working can take place. • si! and the Stage School Hamburg work together on offers for children and young people from social hot spots • si! is in the midst of the development of online counseling and therapy services for adolescents and adults in special crisis situations • si! and Dominik Bloh "Housing first" in Hamburg - apartments for homeless. Here is the Facebook page of Dominik Bloh Brand new is our cooperation with Encourage e.V. in Berlin. Encourage arranges sponsorships for young refugees, provides legal advice and training. We are currently checking the possibilities of how we can jointly develop exciting intercultural housing projects. link in German https://sbb-si.de/wp-content/uploads/2019/05/Flyer_Sozialp%C3%A4dagogisch_begleitetes_Jugendwohnen_si_gGmbH_201905.pdf

KOMPETENCJE:

University of Žilina with its sixty-five years of history belongs to one of the leading educational and scientific institutions in Slovakia. In the field of science and research the University of Žilina is involved in the solution of nearly 200 national and 65 international scientific projects and organises about 60 scientific and professional events annually. The results of science and research activities of the University have a major influence not only on educational activities, but also on the development of international cooperation or application in practice. The University of Žilina has a great ambition to continue in its dynamic growth, to provide high quality education, to educate well-prepared and demanded graduates and to develop international cooperation both in science and education. We are willing to share our competence especially in the area of human potential development, motivation, sustainability and decision making.

DOŚWIADCZENIE WE WSPÓŁPRACY PONADNARODOWEJ:

Cooperation with foreign universities and institutions is crucial for our university. The University of Žilina has signed bilateral agreements with more than 50 countries worldwide, not only within Europe, but also in America (USA, Mexico, Brazil, Argentina, Cuba), Asia (Korea, Japan, China, Taiwan) and Africa (South Africa). In the field of university bilateral cooperation, the university moves forward in developing with the universities, higher education institutions and other institutions concerning the scientific and educational activities. In the history of the ERASMUS programme, the University of Žilina belongs to the most active and successful Slovak universities in terms of student mobilities. It is the most successful Slovak university concerning the lectures given by its lecturers at foreign universities. The University of Žilina is a member of international organizations (Magna Charta Universitatum, EUA, IGIP, ECTRI, FEHRL) and cooperates with them through its representatives. KOMPETENCJE:

Noloc is a Dutch association for career professionals and jobcoaches. The organization was founded in 1990, and has around 3,000 members. Noloc members work as career coaches, outplacement consultants, re-integration specialists, jobcoaches and vocational counselors. Noloc offers its members a vital network of colleagues, a huge knowledge base, over 70 professional development meetings and workshops per year, and possibilities for intervision and supervision. The organization publishes its own professional magazine called Loopbaanvisie (CareerVision), and organises each year a highly valued national congress on career guidance, attended by over 800 career professionals. The board is assisted by a professional office and supported by several specialized committees and about 150 volunteers.

DOŚWIADCZENIE WE WSPÓŁPRACY PONADNARODOWEJ:

Noloc has affiliations with sister associations and key professionals in neighboring countries such as UK, Belgium and Germany. As partner of two projects financed by the European Commission, Noloc is also sharing its knowledge and expertise internationally. Has experience in Erasmus+, Noloc is partner of the International Association for Educational and Vocational Guidance.

Das gemeinsame Ziel der Entwicklungspartner ist, die Wiedereingliederung von Frauen (auch Männern) nach der Familienphase und die bessere Vereinbarkeit von Familie und Beruf zu unterstützen sowie die Sicherung des Arbeitsplatzes und des Aufstiegs berufstätiger Frauen durch flexible und passgenaue Weiterbildungsangebote. Im Zentrum des Weiterbildungsangebots stehen hierbei E-Learning-Ansätze, die multimedialen und methodisch-didaktischen Lernansprüchen von Frauen gerecht werden und eine angemessene Lernumgebung schaffen. Die berufliche Qualifizierung ist kaufmännisch orientiert mit einer starken Ausrichtung auf neue Technologien. Daneben kommen den Themenbereichen Familie und Beruf und persönliche Kompetenzerweiterung eine besondere Bedeutung zu. Eine Kinderbetreuung während der Präsenzzeiten ist gewährleistet. Gefördert durch das Bundesministerium für Wirtschaft und Arbeit aus Mitteln des Europäischen Sozialfonds Projekt: „Netways – sposoby na równe szanse dla kobiet”, projekt Equal Community Initiative. Wspólnym celem partnerów rozwojowych jest wspieranie reintegracji na rynku pracy kobiet i mężczyzn po urlopie macierzyńskim oraz lepsze godzenie pracy z życiem rodzinnym, a także zapewnienie zatrudnienia i awans kobiet pracujących dzięki elastycznym i dostosowanym do ich potrzeb możliwościom szkoleniowym. W ramach realizowanych w projekcie zadań stosuje się podejścia e-learningowe, które spełniają multimedialne i metodyczno-dydaktyczne wymagania edukacyjne i tworzą odpowiednio środowisko uczenia się. Kwalifikacje zawodowe są zorientowane komercyjnie, ze szczególnym naciskiem na nowe technologie. Ponadto szczególnie ważne są tematy dotyczące rodziny i kariery oraz podnoszenia kompetencji osobistych. Finansowane przez Federalne Ministerstwo Gospodarki i Pracy ze środków Europejskiego Teleserve Społecznego
